Dedication

Too often the people who plan and work for better schools do not receive the credit due them. We, the students, realize that you have sacrificed much of your time, at your own expense, as trustees of the school. Especially did you spend extensive time and energy in planning and building the new multi-purpose gymnasium. Now that it is completed and we are enjoying its comfort and real values, we wish to express our appreciation by dedicating this 1958 Mountaineer to

THE SCHOOL BOARD

SUPERINTENDENT'S MESSAGE

Dear Students:

As you work your way through many doors in your school life, from class to class each day and from grade to grade each year, you can hardly be aware, at the time, of the real life doors you are opening and entering that bring light and meaning into your life.

With the help of your teachers, parents, and friends, you are opening the doors of knowledge, understanding, respect, confidence, and an appreciation of life and all of its great purposes. May the doors of these basic concepts open wide to you as you eagerly grow and develop in your school, home, community, and church life.

To you who are passing through the last doors of LHS, we encourage you to look up and out for greater doors to enter, and have life become more meaningful to you. To you who still have your sights and hearts set on that future date of graduation, we urge you to be alert and to utilize to your fullest capacity every opportunity that each door of your school life holds.

As your teachers and friends, we pledge to help you to the best of our ability to open and enter, with courage and understanding, the great doors of life that are waiting for your grasp.

Sincerely yours

C. M. Nalls

PRINCIPAL'S MESSAGE

Dear Students:

It has been a pleasure to have worked with you the past four years. Pausing for a few minutes to glance back over those few years, we find the Senior Class of '58 accompanied by the classes to follow making use of their trip through the years on the Wheels of Time traveling over the Sands of Time and making Reflections to achieve that major objective, the SHEEPSKIN from L.H.S. And when we glance around what do we see? Why! do you know that it is none other than the many Doors which we had passed through? Doors that we had passed through in acquiring those many desirable character traits.

I am sure each of you have passed through many Doors everywhere, and by the passing the people will remember you and your past accomplishments. Here's hoping that each of you have made this, the past, just as you like it.

In projecting into the future, I hope each of you much happiness and success regardless of the path you may choose.

Sincerely,

Raymond J. Cogburn
